WHOLESALE TRADE LIST

Forest Nursery and Seed Co

FOREST AND SHADE TREES AND ORNAMENTAL SHRUBS

J. R. BOYD, Manager. F. C. BOYD, Sec'y & Treas.

RFD 2. McMinnville, Tenn.

Season 1915-16.

TERMS OF SALE

CASH or satisfactory reference, with sufficient time to investigate before shipment, is invariably required of parties unknown to us. To responsible, prompt paying parties, we will extend usual time for payment.

SHIPMENTS—When ordering, please state plainly whether freight or express shipment is desired, and give route if by freight. In the absence of this information we will use our best judgment without assuming any responsibility as to delivery. Goods are at purchaser's risk and cost after delivering to the forwarding company. Under the new Parcel Post system we are often able to forward small packages for less than the rates charged by express companies. Parties desiring to secure the benefits of Parcel Post should include sufficient for postage in their remittances; the difference, if any, will be refunded promptly.

GUARANTEE—We are very careful to keep each variety true to name as labeled, and are ready at any time to replace, on proper proof, any that may prove otherwise, free of charge, or refund the amount paid, but it is mutually agreed between the purchaser and ourselves that we shall at no time be liable for an amount larger than the original purchase price.

No charge for bags, boxes or barrels for seeds.

Seeds—5 pounds at ten pound rates; 25 pounds at 100 pound rates.

Boxing and baling at cost.

Trees and Shrubs—500 at 1,000 rate, 5,000 at 10,000 rate.

FOREST AND SHADE TREES.

NURSERY GROWN STOCK—S, Seedlings; TR, Transplanted.

Polystaca Acrostichoides, Christmas fern, evergreen	30	1 00	5 00

SHRUBS

<i>Amorpha Fruticosa.</i> Common False Indigo. A tall native shrub of very easy cultivation, blooming freely in June. The violet spikes are crowded in terminals. Of rapid growth.	6 to 12 in.	15	40	100	1 M	10 M
	1 to 2 ft.	20	50		\$3 00	\$25 00
	2 to 3 ft.	30	80		4 00	35 00
	3 to 4 ft.	40	1 25		6 00	50 00

ALTHEA, or Rose of Sharon.

These are grand flowering shrubs. There is a wide range of color, and not a day from the middle of July until September—a time when so few other shrubs are in bloom—that Altheas are not aglow with flowers. They have no insect enemies, grow well anywhere, are splendidly suited for shrubbery borders, for colony plantings and hedges. The planter who uses them freely makes no mistake.

	Doz.	100	1,000	10,000

TO THE NURSERY TRADE:

We, A. P. Hill and G. F. Wagoner, have sold our nursery stock to J. R. and F. C. Boyd, who will continue the business under the same name, Forest Nursery & Seed Co., and we bespeak for them a continuance of your trade. They have been connected with the nursery business for several years, and are competent to run the business and will treat you right.

A. P. Hill will assist through the shipping season.

A. P. Hill will also fill all orders received prior to Sept. 1st. and settle all the company's old business.

McMinnville, Tenn. Sept. 1st 1915.

A. P. HILL

G. F. WAGONER.

Most collected seedlings, such as Maples and some others, except large size, are crooked near ground should be cut back to crown before transplanting. They grow up straight, smooth and much faster and quicker than when planted without cutting back. We cut back all seedlings to crown before transplanting.
